

MESSAGE TO GUESTS AT LATYKA B&B

For your and our safety, we ask that you read and follow the guidelines below.

MESSAGE TO GUESTS IN THE B&B / THE ACCOMMODATION

The B&B/holiday accommodation was cleaned and disinfected before your arrival in accordance with the cleaning guidelines to prevent the spread of the COVID-19 virus. We would like to ask for your cooperation to keep the B&B/accommodation tidy and virus-resistant.

May we therefore draw your attention to the following points of attention:

What is expected of the guest:

- Show covid safe ticket
- Mandatory mouth mask when entering and in the hallways.
- Wash your hands regularly.
- Sneeze or cough? Use a paper handkerchief and throw it away immediately afterwards in the waste bin provided.
- When you come outside (your room), respect the 1.5 meters away. If impossible, use mouth masks (mandatory on public transport, shops, museums and restaurants).
- Avoid physical contact with anyone other than your travel companions
- Avoid cash payments and opt for bancontact/payconiq

In the B&B/accommodation:

- Every time you enter the B&B/accommodation, disinfect your hands with products present here.
- Your key has been disinfected, keep it with you and follow the guidelines of the owner.
- Touch as little as possible on the way to your room.
- Ventilate your (guest) room regularly.
- Place your pedal bin in front of your room door every morning, if you do not want us to enter the room.

The owners:

Since we also have to comply with legal regulations, our service and facilities will look different, but you can count on our hospitality more than ever. We clean/disinfect, every day, the light switches/doorknobs/etc. of the common areas. You can always contact us by phone for any questions. Of course we are also available for you (1.5 m away). If we jointly follow these guidelines, your stay will take place in safe conditions.

We are convinced that we can count on your cooperation!

We are convinced that we can count on your cooperation.

Enjoy your stay!
