

WK LED Lighting Panel

With a minimum thickness of 16.7mm we can make light panels at many sizes.

Custom size: 1115*665mm

Dimmable by 0-10V, PWM, Triac and DALI

WK LED LGP

Benefits:

Very low decay 3014 SMD led's

Usefull lifetime > 30.000 hours

Dimmable

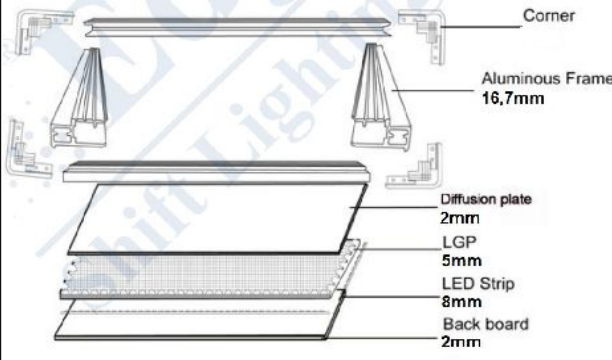

Colour temperature adjustable possible upon request

Power supply meeting all international standards

Applications:

Almost endless applications

Specifications:

WK LED LGP	Description	Accessories
	<p>Led's: 3014 SMD, 315 pcs. Voltage: 24VDC Power: 76,2W Colour index (Ra): >85 Overall size: 1115*665mm Viewing size: 1063*613mm Dimming: by inline dimmer Colours: white, 5500-5800K View angle: 160 deg. IP value: IP44 Housing: Aluminium (white) Warranty: 2 years</p>	<p>LED driver:  Dimmer: </p>
