

# Temporary changes availability by phone

For more information:

[www.praktijkschaepmanlaan.nl](http://www.praktijkschaepmanlaan.nl)

(website is in Dutch).

## How to make an appointment

You call between 8-12 or make an appointment at your patient portal (only possible with your own GP).

## How to get a new prescription (for your daily medication)

You call the prescription line (0165-572777 choice 6) or arrange it at your patient portal. Both options are available 24 hours a day.

## Request result

You call between 8-12, view the results by your patient portal or send a message to your GP by your patient portal.

*If you do not have a patient portal or if it concerns a child, it is best to contact us by telephone or send an email.*
